

NAME	location	ct	Description
Abiqua Drinking Gourd	Back minfl bed	1	Hosta 'Abiqua Drinking Gourd' - Medium. Heavily puckered blue foliage. Lavender flowers. Tokudama' x sieboldiana Hosta of the year 2004
Allan P McConnell	Back deck bed	1	Small, Matte green leaves with a narrow, pure white margin. Lavendar Flowers
Antioch	Back Deck Bed	1	Cynthia Tompkins/Hofer/Ruh 1979 Light green mottling with wide edges of creamy white. Lavender flowers. Winner of American Hosta Society Eunice Fisher Award and Alex J. Summer distinguished Merit Award 1984. Medium Large
August Moon	Back hm bed	1	Medium-Large, dense unsymmetrical mound, chartreuse, large bell shaped soft lavendar to white flowers, vigorous, fast growing
Autumn Frost	Back deck bed	1	Autumn Frost' is a sport of 'First Frost,' the 2010 Hosta of the Year. 'First Frost,' in turn, is descended from the classic 'Halcyon,' the blue-leaved Hosta by which all others are judged. Such lineage presages great things, and 'Autumn Frost' does not disappoint, with thick, substantial pointed leaves

Blue Angel	Back deck bed	1	Very Large. A huge blue hostas at maturity, with heart-shaped leaves, not puckered but nicely veined. Approximately 36" high x 60" Wide. White flowers. 'Aden 365' x 'Aden 361'
Blue hawaii	Pot garden	1	Very vigorous blue hosta with an upright habit...can reach 30" tall. Leaves are nicely corrugated, but flat, and hold
Blue Ivory	Pot garden	1	showy new sport of the ever popular 'Halcyon'. This beautiful hosta with thick foliage displays a wide, creamy white margin and blue center in spring.
Blue Mouse Ears	back Minfl bed	1	Small round, sort of heart shaped blue leaves of very heavy texture.
Blueberry muffin	Back minfl bed	1	Medlrg is semi-upright little blue number features excellent long-lasting blue color, red-speckled petioles, and interesting lunar-landscape leaf surfaces. It grows steadily but not extremely fast, and shows good heat and sun tolerance. Flowers are small and numerous with plenty of seed set in little rounded pods. The leaves are 5x7 inches and the plant is 24 inches tall and may reach 30 inches wide.
Brother Stefan	back deck bed	1	Maple leaf variegation pattern with heavy rugosity, moderate growth rate. Good variegation pattern. 'King Tut' x (x 'Mildred Seaver')

Captain Kirk	back hm bed. Behind peter john	1	Gold standard sport Sport of 'Gold Standard' with very wide margins; distinctly different from mother plant and 'Striptease' (another 'Gold Standard' sport); from Kirk Brill of Des Moines, Iowa.
Crested Surf	back ht bed	1	"neat splash" selfed Light green with variable creamy white margin. Marginal undulation and variegation extend down the base of the petiole. A great edger. August sees dark purple flowers. Narrow, light green leaves with variable creamy white margins. Undulating edges. Lavender flowers in August on 12" scapes.
Dancing Queen	Back ht bed	1	Wonderful introduction from Kent Terpening, large yellow hosta with an exceptional pie-crusting edge. H. 'Dancing Queen' starts out a bright yellow and maintains good color and then turns a very pale yellow late in
El Capitan	Back ht bed	1	El Capitan' is a 1987 Lachman hosta. The dimensions are 40x26" with 48" flower scapes. The leaf is dark green with with an irregular wide cream to yellow-chartreuse margin.
Elegans	Front island bed	1	ML Origin china Pure white, extremely large (6"), fragrant flowers, coupled with large glossy green leaves makes an outstanding show in August. Sometimes called August Lily. A native of central China. Bright clean light green leaves. Heart shaped, shiny, waxy and glossy. Large, 5" long, white trumpet shaped flowers. Very fragrant. Plant in some
Empress Wu	Front island bed	2	This impressive giant hosta was named in honor of the only lady emperor of China. A stunning garden specimen that is one of the most sought after hostas this year. Hybrid of H. Big John

Feather Boa	Back hm bed next to Queen of the seas	1	6" tall plant with yellow, wavy, lance shaped leaves. Purple striped flowers on 14" scapes. Very vigorous, small, narrow, bright yellow leaves. Bright yellow, narrow and wavy leaves make tight and neat mound; purple flwrs. Narrow, wavy-edged yellow leaves. Makes a low, tight mound and multiplies quickly. Excellent for the
First Frost	back Ht bed	1	2010 Hosta of the Year! Margined sport of 'Halcyon' from Patricia Scolnik of North Carolina; foliage colors change from a combination of blue (center) with gold (margin) to dark green & creamy white; good grower in containers and in the garden.
Fragrant Bouquet	Pot garden	1	Medium. Apple green heart-shaped leaves with a wide, irregular yellow to cream margin. Not only is this a great hosta, it has given rise to numerous sports that are great hostas in themselves; 'Guacamole', 'Stained Glass', 'Sweet Innocence', etc. All have great color, great form, and large, beautiful fragrant flowers.
Francee	Back ht bed	1	Medium. Dark green leaves with a neat, narrow white edge. Approximately 15" high x 30" wide. Lavender flowers.
Frances Williams	front island bed	1	This sport of H. sieboldiana 'Elegans' was registered in 1986 by Williams and was #1 on the American Hosta Society Popularity Poll for over 10 years. It has giant blue-green leaves with yellowish green margins. The foliage mound can reach to 36x48" in 7 years. The leaves are sturdy and rugose. The scapes are

Frozen Margarita	Front island bed	1	Large shiny gold leaves with a pure white margin; light lavender very fragrant flowers in August. 'Fried Bananas' sport without wax.
Fruit punch	Pot garden	1	Watermelon petioles hold vibrant lemon-yellow leaves edged in blackberry for Spring foliage. In time, changes bring
Great Expectations	back deck bed	1	sieboldiana 'Elegans' sport or hybrid Alex J. Summers Distinguished Merit Hosta 1992. 20" tall. Part Sun to Light Shade. 50-90% shade. Absolutely gorgeous plant. Chartreuse
Guacamole	Pot garden	1	A wonderful sport of 'Fragrant Bouquet', its golden leaves are edged in soft green. Prefers some sun. Large fragrant flowers of lavender.

Gypsy Rose	Back deck bed	1	Small to medium. Dark green leaves with a creamy white center and a distinct white line between the leaf margin and center. Approximately 16" high x 30" wide. Lavender flowers. Sport of Striptease
Halcyon	back deck bed	1	One of the bluest cultivars. Very neat, somewhat horizontal habit. Pale lavender flowers in mid July. 1991 Midwest Blue Award. Medium size, deep, chalky blue, beauty.
Humpback Whale	Front island bed	1	The inimitable Mildred Seaver's remarkable 'Humpback Whale' is one of New England's legendary plants. For years and years it was never seen anywhere and was becoming something of a myth. Then Charlie Seaver showed
Illicit Affair	back Minfl bed	1	Very Small. A sport of 'Cheatin Heart' with small, heart-shaped leaves, green with a gold margin. Leaves are larger than those of 'Cheatin Heart'. The plant emerges all gold, and the green center takes quite a while to develop.
June	back deck bed	1	Medium. A gold centered form of 'Halcyon'. The leaves are a rich, powdery gold, with a narrow blue edge. Approximately 15" high x 30" wide. Pale lavender flowers.

Kinba	Back minfl bed	1	pycnophylla x pycnophylla. Leaves have a brilliant yellow spring color and bright, cherry petioles.
Komodo Dragon	Front Island bed	1	Donahue Piecrust' seedling, Extra Large, 30" tall. Light Shade. Giant 7' side mound of long pointed dark green foliage. White flowers in
Krossa Regal	Front island bed	1	Elegant upright frosty blue leaves. Flower stalks reach 7 feet. Fantastic! Mid-July welcomes the medium lavender flowers.
Lakeside Symphony	Front island bed	1	Hosta 'Lakeside Symphony' is a sport from 'Piedmont Gold'. It emerges lime color but develops a light yellow center surrounded by an old gold color which are both bordered in lime. It was registered in 1988. The leaves are cordate with a twisted tip. It is rugose. Medium to Large
Liberty	Back ht bed	1	sport of Sagae, It is a sport of H. 'Sagae' and features a golden border that is triple the normal width! This huge gold margin is so wide that there is very little green visible in the centre of the
Loyalist	Pot garden	1	Loyalist' , a sport of
Maui Buttercups	Back hm bed	1	frances Williams by August Moon small yellow leaves medium violet flowers small

Mildred seaver	Back minfl bed	1	. Lavender flowers. Green center with creamy border, crinkled and wide. Lovely! Pale lavender flowers. Makes a medium sized mound. Leaves are green with thick white margins. Pale lavender flowers.
Moonlight Sonata	Front Island Bed	1	This large plant comes to us from Greg Johnson. The leaves are blue and rippled. They are held outward and are accented by deeply impressed veins. The flowers are fragrant. 'Invincible' x 'Northern Halo' Medium to large
Niagara Falls	Back ht bed	1	montana f. macrophylla x 'Sea Drift' . Very large. Grey green turning to shiny dark green. Upright and arching. Impressed veins and pie crusted edges.
Night Before Christmas	Back hm bed	1	18" tall. Part Sun to Light Shade. A 'Fortunei Albopicta' type. Green leaves with a bold white center. A spectacular plant. June brings lavender flowers. Bold white center with a medium green edge. A sport of

Pacific Blue Edger	Side entry bed	1	Small. Excellent substance, forms pinwheel mounds. Sport of Gold Edger
Paradigm	front window bed	1	Abiqua Recluse' sport 20" tall. Light Shade. A large, beautiful gold, blue margins. One of our picks for the hall of fame. This new introduction from the wild guys at Walden West is truly superb!
Patriot	back ht bed	1	Medium. A sport of 'Francee', dark green leaves with a wide, irregular creamy white margin. Approximately 18" high x 36" wide. Lavender flowers.
Paul's Glory	Front window bed	1	Yellow center turns white to whitish-green, with blue/green margin. Lavender flowers in June. 1999 Hosta Of The Year. Yellow with a blue edge, the yellow fading to white in the summer. Variegated. White flowers. A
Penny Lane	back Minfl bed	1	A 2013 Bridgewood Gardens introduction with green heart-shaped leaves with a wide, wavy, upturned yellow margin that turns white in summer.
Pilgrim	back ht bed	2	Small. A very cute little hosta with gray-green, heart-shaped leaves with a wide margin, changing from gold in the spring to creamy white in the summer
Pineapple Upside Down Cake	back ht bed	1	This sport of H. 'Pineapple Poll' is a medium clump of long lance-shaped leaves and has the same variegation type as H. 'Paul's Glory' with the leaf emerging blue-green and then the leaf center becoming gold (and then white in more heat and light) as the season progresses. Leaves are ruffled and have

Prairie Moon	Back hm bed	1	bright yellow leaves lavender bell shaped flowers Medium
Praying Hands	Pot garden	1	Hosta of the Year for 2011 (HOTY). One of the weirdest introductions to come along: extremely elongated dark green leaves have a waxy sheen and a very thin yellow rippled border. They are folded and wavy, giving a twisted appearance and look like no other hosta leaf. Light lavender flowers will appear midsummer.
Purple Rain	back ht bed	1	Medium. Blue leaves, ovate with sharply pointed tips, slightly cupped, with rippled edges. Leaf petioles are purple spotted. Approximately 12" high x 35" wide. Pale lavender flowers
Queen of the seas	Back hm bed	1	Hosta 'Queen of the Seas' made everyone at the 1997 American Hosta Society convention drool with envy as it took Best in Show honors. Finally, one of Mildred Seaver's most sought-after
Red October	back hm bed	1	longipes f. hypoglauca x 'Harvest Delight' Red stems, white back. Medium

Sagae	Front island bed	4	very large, Of cultivated origin, it was discovered near the town of Sagae in northern Honshu. Was a legend in Japan long before it reached the West. One of the best hostas. The name is pronounced: sub-ee-oh
Satisfaction	Back ht bed	1	This sport of the classic H. 'Piedmont Gold' has a large, dark green pointed leaf, surrounded by a wide, wavy, brilliant golden band that covers nearly 1/3 of the leaf
Shiny Penny	back Minfl bed	1	Very small. Forms a tight mound of bright gold, ovate leaves with wavy edges, changing to light green in the summer. Very vigorous. 'Lemon Lime' x 'Shining Tot'
So Sweet	Back hm bed	1	Fragrant Bouquet' x 'Aden 462'. Glossy green leaves with wide cream edges. White flowers are fragrant. A beautiful, prolific plant. Hosta of the Year for 1996.
Spritzer	back deck bed	1	Aden 349' x 'Green Fountain' Cream center with two. tone green margin. Cascading habit. Flowers in August. Plant is upright and leaves arch outward and downward. Yellow and white center with a green margin.
Squash casserole	Back ht bed	1	15" tall. Part Sun to Shade. (syn: H. 90-152 H. 'Hirao Tet' x H. 'August Moon')

Stained Glass	Front island bed	1	<p>Sport of guacamole hoy 2004 (Mature Size: 15" T x 32" W) American Hosta Growers Hosta of the Year 2006,</p> <p>Wonderful sport of the beloved 'Guacamole' hosta that differs in that it has a much brighter gold center.</p> <p>Nice yellow leaves have a dark green margin that accentuate the yellow center. Prominent veins throughout the leaf give this hosta a stained glass window effect.</p> <p>Hosta 'Stained Glass' tolerates the sun very well. We grow this hosta in full sun here in NH and it never burns. Good fertile soil and adequate moisture are needed if growing in full sun.</p> <p>Outstanding hosta to use around a porch for the attractive foliage and the wonderfully scented flowers that appear in late summer.</p> <p>Fragrant pale lavender flowers late summer. (H. Hansen 1999)</p>
Striptease	back ht bed	1	<p>Dark green leaves with a narrow chartreuse center with traces of white. Pale lavender flowers in July.</p> <p>Chartreuse with dark green margin. A distinct white line runs between the center and the border. Satiny heart shaped leaves. Lavender flowers in late July.</p>
Sum and Substance	Pot garden	1	<p>EXTRA LARGE. 20" tall. Part Sun to Light Shade. AGM.</p> <p>1990 Alex J. Summers Distinguished Merit Award (Jim Cooper). It has extremely large shiny gold leaves. Very heavy substance. Pale lavender flowers in early July.</p> <p>Glossy chartreuse - more gold in more sun. White underside. Leaves can reach 20" long and 15" wide. Pest resistant.</p> <p>White flowers. A truly impressive clump at maturity.</p>
Sun Power	back hm bed	1	<p>Brilliant yellow. Large marginal undulations. Holds color well and takes sun. Light lavender flowers in July. 1995 Tony Welsbacher Award.</p> <p>Medium large</p>
Surfer Girl	Back minfl bed	1	<p>With huge leaves and unusual variegation being all the rage in the hosta world today, here I am introducing a new green miniature. Small.</p>
Touch of Class	back hm bed	1	<p>This has a really heavy leaf. It feels thick. It has an outstanding chartreuse color, blue and chartreuse, very striking. "June" sport.</p>
Vulcan	back minfl bed	1	<p>Hans Hansen/Shady Oaks 2007 This sport of 'Captain Kirk' has creamy-white leaves with dark green margins. Golden-yellow streaks occur along the interior margins where the white and green overlap. 'Vulcan' has a vigorous growth rate for a white-centered hosta. Pale lavender flowers bloom in mid to late summer.</p>

White feather	back deck bed	1	his is an introduction from an other good friend Gerard Heemskerk in Holland. This is a sport of 'Undulata Mediovariegata' as we call it. When the leaves appear they are totally white. Later they get green streaks so they can grow on. All tough there are a few similar types around this one was introduced already 10 years ago. It is a good grower for a white one and takes a lot of sun here in Holland. It is not like Hosta 'White Trouble' an other 'Undulata' sport but will grow. The flowers are lavender.
Wolverine	back Minfl bed	1	Small, 'Splash F5 seedling' x 'Dorset Blue', lavender flowers, 15" tall. Light Shade.
Yankee Blue	back Minfl bed	1	From Bob Balitewicz. A 'Blue Arrow' X nigrescens 'Elatior' cross. It forms a large blue clump about 5' in time and is fast growing. Leaves are 10" x 6". Looks
